OS - 1.13 | Bucket Changing Area

Revision:

B

Section:

1.0 - Site Setup & Housekeeping

Visual Aids

Information

Objective	Application
● To store machine buckets in a segregated and secure area ● To allow bucket changing areas to be easily accessible and reduce downtime ● Positively maintain MIDA’s brand	● Sites where MIDA are acting as Principal Contractor and Subcontractor
Site Setup Instructions	Operational Responsibilities
● Surface – bucket changing area to be stripped and levelled ● Segregation – secured by Heras fencing, placed on feet and double clipped. One side may require heavy duty pedestrian barriers to the fronts – accommodating the required Machine type/size ● Segregation (mobile bucket changing areas) – interlinked heavy duty pedestrian barriers ● Signage – bucket changing area signage	● Bucket changing areas to be inspected daily by the Site Manager
